

Friday product update

We like to welcome You near the end of this crazy busy VW week to our weekly Friday product update, Our purchase department was magic, and turned out many new products, We're all excited to see these going to float all over the global market. So make sure to order yours now, and serve all VW lovers like they deserve, with only the very best quality, very best price, and absolutely the very best service... welcome to BBT world, where we make the magical (VW) things do happen!

[Brand new in our program](#)

[BBT # 0348-140 Rear window louvers Karmann Ghia](#)

[BBT # 1347-200 Stock front axle bolts Type 2 03/55-07/67 \(4pcs\)](#)

BBT #1384-500 Lowered spindles discbrakes Type 2 08/72-07/79

100% new dropped spindles for Bay window give you a 6 cm (that's 2 inch and a little bit) and a offset of 1 cm more . This spindles lower your bus in style but keep it safe and give you all possible driving comforts as original. To lower more we advise to combine these spindles with a lowered front axle.

Due to popular demand very limited quantity available for the moment !!

Vent wings for your beloved bay window, now available original from VOLKSWAGEN Do Brazil. A perfect alternative to replace your rusty chunks of mechanical ventilation with pristine quality new stuff, to let the fresh air enter your precious ride... finally available even for less money as used stuff go for lately!

Vent window assembly, all Bus 68-79 Use BBT # 0517-900 for left and BBT # 0517-910 for right side.

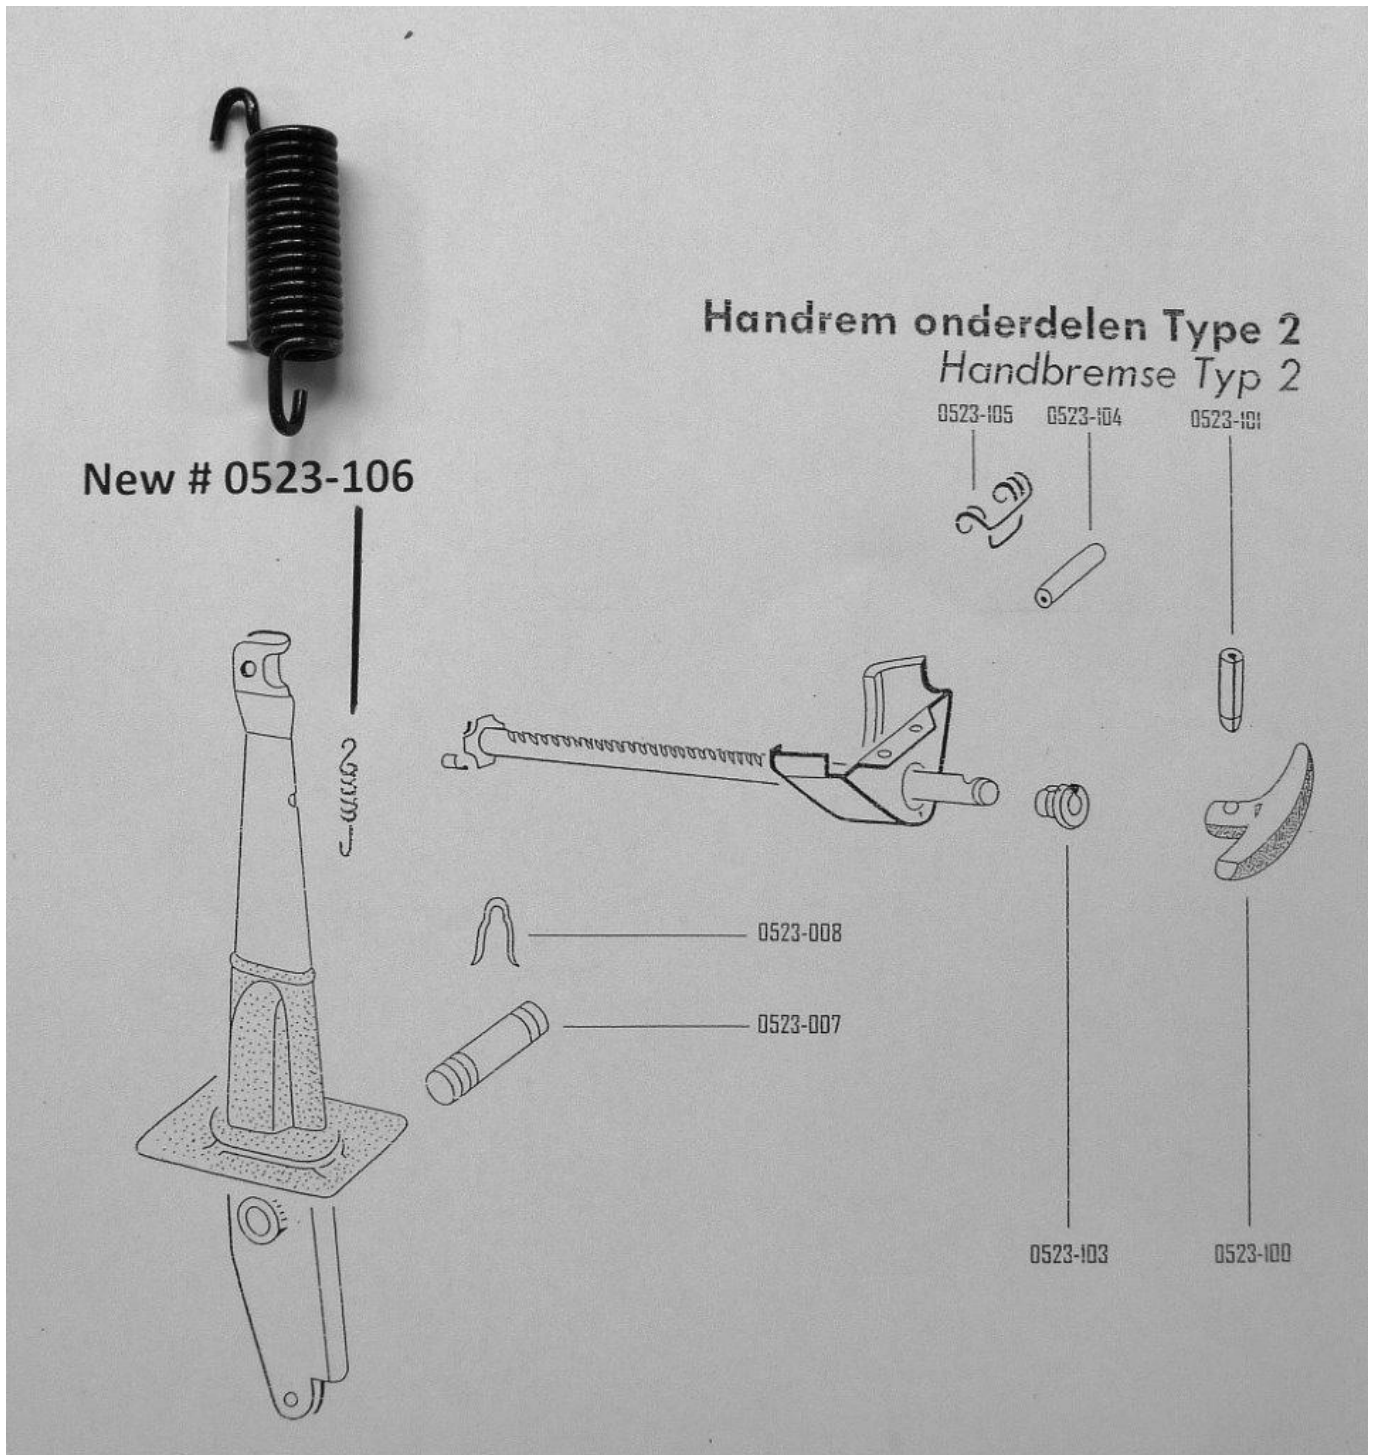

For these we also offer the frames only....
