

# **2 containers loaded for down under... in 1 day...:)**

Containers are almost a daily task for us here, @ BBT HQ. loading, unloading, you really get used to it...:)

But load two containers for two different customers in the same country on a different continent was pretty new for us...

Thank to BBT Frederik for the booking and paperwork and BBT Tim & Ray everything was loaded and secured safely and is now at the port waiting to be loaded on the vessel to Australia, the country "down under"....

We wish a safe trip!
